

Preserve your expertise. Onboard faster. Grow without losing knowledge.

THE PROBLEM

⚠ Weeks of confusion

New hires spend forever piecing together repos, infra, and tribal knowledge.

🕒 Constant interruptions

Senior engineers lose time answering the same questions repeatedly.

🔄 Knowledge drain

Institutional memory walks out the door when people leave.

⚡ THE SOLUTION

Atlasium

An AI-powered onboarding platform that creates proactive walkthroughs of your codebases, infra, and workflows.

🎯 Structured evolving tours

📊 Visual diagrams & maps

📈 Knowledge compounds

🚀 Faster ramp each time

★ BENEFITS

Faster ramp-up

Cut onboarding from months to weeks with guided learning paths.

Reduced interruptions

Senior engineers focus on building, not answering questions.

Knowledge retention

Build institutional memory that never walks out the door.

🎯 FOUNDING 50 PROGRAM

Join 50 forward-thinking engineering teams

Early Access

Get first access to Atlasium's MVP and cutting-edge features.

Shape the Product

Influence our roadmap with your real onboarding pain points.

Founding Benefits

Special pricing, priority support, and exclusive access.
